ENHANCING LIVES – IT'S WHAT WE DO!

When we first started Melaleuca in September 1985, our vision was to market items containing Melaleuca Oil, a natural product that we believed had tremendous potential. We didn't like the traditional business model of using middlemen and retail stores to sell the product, so we came up with a simple way for customers to earn commissions by referring others to purchase our products directly. This helped keep our costs lower and created a unique way for the average family to earn additional income in their spare time. We quickly learned that the demand for natural products was much greater than we had predicted. We also discovered many other natural ingredients that were highly effective. Our vision grew as we met scientists with years of experience developing natural products

that are more effective than the supermarket brands.

Some of these scientists had developed remarkable products but had no way of marketing them. Major corporations weren't interested in natural products because of the difficulty of patenting natural ingredients and their uses.

Because these larger corporations don't have products with exclusivity protection, they focus more on discovering patentable synthetic ingredients that are mass-produced with low costs and high profit margins.

Our philosophy has been different from the beginning. We built partnerships with scientists like Dr. Andrei Komarov of George Washington University for the revolutionary discovery of our Oligo technology, and Dr. Larry Wang who patented the discovery we used in the original Access Bar.

Because of these partnerships, Melaleuca's popularity has exploded, becoming one of the fastest-growing companies in North America with well over US\$1 billion in sales worldwide. We continue to focus on products that contain only the finest natural ingredients. We carry only products with documented science supporting their effectiveness. We don't – and won't – market products whose popularity is based on folklore.

In our catalogue you'll find the work of dozens of scientists, doctors, pharmacists, cosmetologists, and other experts. Many of the products within these pages were developed and perfected by our own staff, but we continue to look for and build partnerships with outside scientists as well. As you use them, we believe your experience with our products will exceed what you've had with supermarket brands.

Our original concept of having people refer other customers to Melaleuca in their spare time has expanded. Today, thousands of households depend on Melaleuca as their sole source of income, and hundreds of thousands more receive part-time "thank you" commission payments for having helped us spread the word.

We believe in partnering with "the little guy," average families. Our mission is "Enhancing the lives of those we touch by helping people reach their goals." When you purchase Melaleuca products, take comfort in knowing that not only are you using exceptional products, but that profits from your purchase help families across Europe.

We enjoy helping folks live a longer, more vibrant life. At the same time, we're helping average people get ahead financially. Enhancing lives – it's what we do!

Shop smarter and get additional benefits with Melaleuca.

Melaleuca customers are smart shoppers. **As a Preferred Customer, you receive a 30%–40% discount on quality Melaleuca products every time you shop.**

And because Melaleuca makes more than 150 wellness products that most households use every day, shopping at Melaleuca doesn't require new money in your budget – you simply switch a portion of what you're already spending at the supermarket to high quality Melaleuca products.

3

The number of ways Melaleuca products save you money.

1. **Lower prices.** In many cases, bottle-for-bottle, box-for-box, Melaleuca products are priced lower than the supermarket brands you find elsewhere.

2. **Great products.** Value goes beyond just price. Nearly every Melaleuca product delivers far more benefits than what you may be used to buying at the supermarket.

3. **Lower cost per use.** Melaleuca products are up to six-times concentrated. That means our products last much longer and therefore cost you less per use.

And there are even more ways to save!

There are monthly specials, discounted Saver Sets, web-only specials, and savings for shopping online.

Product philosophy.

Melaleuca is committed to superior product quality. We use the best, safest ingredients. We don't add extra water or fillers. We use natural ingredients instead of harsh chemicals like chlorine bleach. Plus, all of our products are backed by real science.

We offer high quality, most effective products at competitive prices. We do this by not paying for advertising and retailers. Our customers are smart – they understand there's a difference between Melaleuca products and those from the supermarket. The more you know about our products, the more you will want to purchase and use them.

At Melaleuca,
our mission is
to help you reach
your goals.

“When we started this company in 1985, we had one mission: To enhance the lives of those we touch by helping people reach their goals. That is still the purpose that drives us. As The Wellness Company, everything we do, every product we make furthers that mission.”

– FRANK L. VANDERSLOOT, CEO Melaleuca, Inc.

Melaleuca isn't your typical company. While other companies define themselves in terms of profit and growth, we measure our success by an entirely different factor – our ability to enhance your life.

When you take the focus off the profits and put it on the people, something amazing happens. You get products that are safe for your home, gentle on the environment, and different from anything you'll find on the shelves of a supermarket.

But Melaleuca's definition of wellness extends far beyond products.

Chances are, you learned about Melaleuca from a friend, co-worker, or neighbour. That's because we don't spend money on advertising or retail middlemen. And as a result, we are able to share our profits with those who share our products.

And while Melaleuca offers more than 150 exclusive wellness products, they represent something far more valuable than items on a shelf – they represent the ability to enhance your well-being, your environment, your finances, and your quality of life. That's why Melaleuca exists. That's why we're known as The Wellness Company.

Peace of mind and a safe home.

Home cleaning products so safe there are no safety caps required! And yet they clean your home, your dishes, and your laundry with undeniable strength and reliability. These safe formulas are 100% satisfaction guaranteed and contain:

- NO** chlorine bleach ✓
- NO** ammonia ✓
- NO** harsh chemicals ✓

Shopping with Melaleuca **FEELS GOOD** because you're doing good.

YOUR ENVIRONMENT

Clean home. Clean world. Clean conscience.

A home is a better place to be when it's clean. Same goes for planet earth. Clean is better for everyone. But is it possible to live a clean life in your own home while making the earth a cleaner place to live? Melaleuca says yes.

For decades, Melaleuca has been at the forefront of highly concentrated, safe, nature-derived products that clean homes without making the world a dirtier place.

- **Your home.** You and your family deserve to live in a clean home free from the dangers of the toxins and chemicals that can be found in typical cleaning products.
- **Your environment.** The little decisions you make today, like skipping a trip, adjusting your thermostat, and recycling, will have a very real impact on the generations to come.

To find out how you can begin to make a difference, and how Melaleuca can help, visit eu.melaleuca.com.

Concentrated products.

Melaleuca is one of the market leaders in concentrated products. Concentrated products mean less fuel spent in transportation and less plastic and water wasted.

Biodegradable, non-toxic ingredients.

Chemicals often found in cleaners, like chlorine bleach, ammonia, and phosphates, can cause harm to the environment once you flush them down the drain. With Melaleuca, you'll be cleaning with ingredients that are safe for your home and biodegrade in our waterways.

Together we are making a real difference in minimising any negative impact to the earth and our environment without compromising our ability to live in a clean home.

If every household in Europe used concentrated *EcoSense* products instead of supermarket brands, in 10 years we would save almost 7 billion pounds / 3.2 billion kilogrammes of plastic.*

If that plastic were turned into laundry baskets they would circle the earth an astonishing 71 times!

*Based on research compiled July 2014 from internal and competitive sources.

YOUR FINANCES

The perfect part-time, work-from-home business.

Melaleuca pays you a commission whenever someone you refer to Melaleuca buys a Melaleuca product. To date, Melaleuca has paid out over US \$3.9 billion in referral commissions.

- **It's simple** – When you discover these great products, you'll naturally want to share them with others! Then you'll earn a commission every time they order from Melaleuca.
- **No large investment** – Unlike other businesses, there is no large investment required – only £19 / €25! And you'll never have to deal with keeping inventory, taking orders, making deliveries, billing customers, pressuring them to purchase, or doing repeat sales presentations.
- **A business to last a lifetime** – Referring customers to Melaleuca can provide you with a lifetime of reliable, residual income. And your business can be passed on from one generation to the next, helping you leave a legacy of financial wellness.

When you're ready to change your life with Melaleuca's referral marketing programme, contact the person who introduced you to Melaleuca. They'll be ready to team up with you and help you get started.

YOUR QUALITY OF LIFE

Achieve the life you want and the time to live it.

It's a simple equation. The more time you can spend on what's most fulfilling to you, the happier and more satisfied you will be.

The problem is, in our hectic lives, the most important things often get pushed into a corner by the moment-to-moment stresses of work, family, and social obligations. With its wellness products and financial opportunities, Melaleuca is uniquely positioned to help you find personal fulfilment.

- **Build more meaningful relationships with those you love**
- **Set and achieve more personal goals**
- **Create true time freedom for yourself and your family**
- **Enjoy helping families in a meaningful way**

With Melaleuca, it's all well within your reach.

Products for a lifetime of wellness.

EcoSense®.

EcoSense is Melaleuca's extensive line of cleaning, laundry, and dish care products.

EcoSense products don't use chlorine bleach, ammonia, or phosphates. Instead, they use safe, natural ingredients like the herb thyme, citric acid – like that found in lemons – and other solutions from nature. The result? Products that are safer for your home, the environment, and your family.

Another impressive feature of EcoSense products is their concentration. Just like one small can of orange juice concentrate can make an entire pitcher of juice, EcoSense products are sold as concentrates that can be mixed to make two, four, or even six full-size bottles of cleaner. Concentration is smart because it reduces plastic and fuel while saving energy and money.

Bath & Body.

From luxury bath bars to daily moisturisers, shave gel to salon-quality hair care products, Melaleuca's Bath & Body brands improve your sense of wellness by pampering you from head to toe with aromatic scents, rich textures, and the finest natural ingredients.

And that, Melaleuca believes, can have a very real effect on your overall sense of health.

Vitality for Life®.

Who doesn't want to live a longer, more vibrant life? Your health is the foundation of everything you do – every single day. It allows you to make a living, to pursue your passions, to be there for those who need you most.

Unfortunately, your own habits may pose the greatest risk to your health. What you eat. How active you are. Whether or not you are providing your body with the micronutrients it needs. It also means you have the ability to improve your own health. You have control.

For nearly 30 years, Melaleuca has been on a mission to improve the health of its customers with innovative, one-of-a-kind natural solutions backed by science.

Today our focus is on three specific areas:

Sei Bella®.

In addition to the full line-up of spa-worthy bath and body products, Melaleuca also offers a complete line of Sei Bella premium skin care and luxury hair care. These exceptional products bring out the natural beauty in women of all ages.

Sei Bella Skin Care beautifies skin at every stage of life with cleansers, toners, moisturisers, exfoliators, and age-defying treatments. Everyone who tries them falls in love with them.

Sei Bella Luxury Hair Care gives you colour, UV, anti-breakage, and thermal protection in every product for healthier, shinier, more manageable hair.

And though Sei Bella products could easily retail at high fashion prices, they come directly to you at a cost every woman can afford.

Your Melaleuca Preferred Customer membership opens the door to a new world of safe, innovative, high-quality wellness products.

Backup Orders and Select Packs.

What is a Backup Order?

A Backup Order is an order automatically sent to you if you forget or are unable to shop for products totaling at least 35 Product Points by the end of the month.

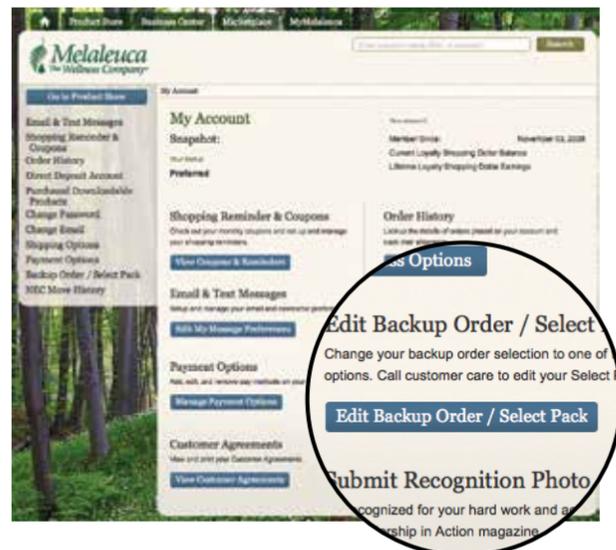

It protects your Preferred Customer benefits even if you're away on vacation or business, or for whatever reason are unable to shop. Your Backup Order will contain a selection of Melaleuca's best products. **However, you can easily set up a custom Backup Order with your own favourite products. This custom Backup Order is called a "Select Pack," and it guarantees you receive the products you want.**

How to set up your "Select Pack" Backup Order.

You can set up your Select Pack at eu.melaleuca.com by following these three steps as shown. To set up your Select Pack with the help of a Customer Care representative, call UK 0800 032 0562* / IE 1800 558 502*.

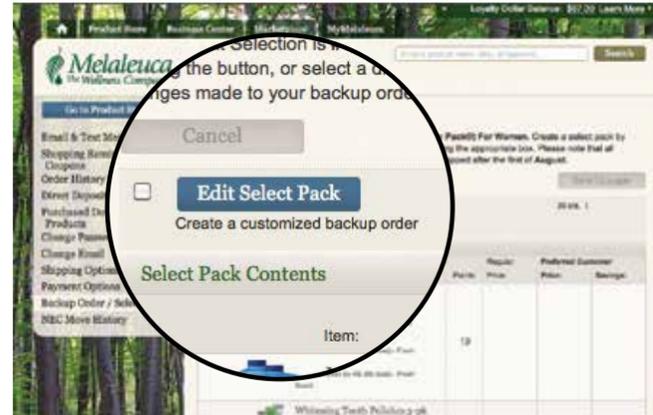

Step 1:

On the My Account screen, click Edit Backup Order / Select Pack.

Step 2:

Click Edit Select Pack.

Step 3:

Use the Search function to find and add the products you'd like, and click Save Changes when you're done. That's it! Your Select Pack is set up.
