The numerous testimonials we have received from you show the excitement and commitment you have for our exceptional Melaleuca products:

"I have been using the Reflect System since April 2013. It took me a few months to learn how best each of the 5 products work on my skin. I have found the perfect combination for my daily routine every morning and evening. I acknowledged even better results once I started drinking FiberWise Drink every morning. I continue using the entire system daily. I still get some blemishes once in a while, but all in all my skin looks clear and every day better. I have gained confidence and even go out without any make-up. Thank you Melaleuca, the Reflect System has literally changed my life."

Joline C., Germany

"My particular favourite at the moment is the tooth polish. Apart from the great taste, my teeth feel like I've just come from a professional cleaning at the dentist - perfectly even!"

Katja W., Germany

"One of my Melaleuca favourites is the Renew Hand Wash. The great foam, the soft consistency and the soft feeling on my skin is indescribable. With this, washing hands is fun!"

Nathalie W., Germany

"My son has sensitive skin and I have always used the Renew range for him (bath oil, skin lotion). I think if I didn't have Renew products at all, he might have very bad skin - since I also had that as a child."

Anna van M., Germany

"My daughter has suffered with skin problems on her hands. I recently ordered Renew to try it out. I will definitely be ordering the Renew products again next month as her skin already looks much better."

Andrea N., Germany

"Since we became Melaleuca customers all three of my kids now use Renew which leaves their skin feeling healthy and soft. All my family love RENEW!"

Rosa N., Germany

"Melaleuca's tooth polish leaves a totally different clean and fresher feeling than I had ever experienced with the usual brands. What makes the major difference, is the Melaleuca Oil in the tooth polish. You can almost feel how the oil with its in-depth cleaning contributes to the oral hygiene. No matter who I give this tooth polish for testing, everyone is excited from the start."

The numerous testimonials we have received from you show the excitement and commitment you have for our exceptional Melaleuca products:

*“When I used the Moisturising Liquid Soap for the first time, I first noticed the great fragrance that came out with the first pump. After washing my hands, I was surprised that they really felt moisturised and soft, not dry as from many soaps I used before. Absolutely great!”*

*Anna W., Germany*

*“Alloy Antiperspirant & Deodorant keeps you fresh for a long time and doesn't leave perspiration marks on my clothes.”*

*Waldemar G., Germany*

*“For a long time I have played the guitar, however I often got blisters on my fingertips after playing. Recently I started to apply Renew Lotion on my hands and fingers after playing and have not had any issues the day after.”*

*Paul D., Germany*

*“How I love this moisturising lotion! Just three years ago, I was struggling with very dry skin on my hands, especially in winter. Every evening, I rubbed a rich cream onto my hands and wore cotton gloves during the night. Since I started using Renew, I do not need any of this. I am now looking forward to the third winter with Renew! My skin feels perfect, soft and smooth!”*

*Larissa D., Germany*

*“Since I began applying Renew to my dry skin, it doesn't itch anymore.”*

*Margarita S., Germany*

*“Our son who was 5 years old at that time hurt his thumb with a Lego brick (yes it's hard to believe). Of course he cried, and it was a catastrophe for him when I suggested we should apply Renew lotion on it because he doesn't like any creams at all. The following evening, before going to bed, he asked: ‘Daddy, can we apply the cream again to this?, and he pointed his finger to two other areas. Now he is a totally convinced Renew fan.”*

# YOUR COMMITMENT IS THE KEY TO SUCCESS!

The numerous testimonials we have received from you show the excitement and commitment you have for our exceptional Melaleuca products:

"My 8-year-old came home after football training, covered in mud and grass stains, everyone at pick up commented 'you'll never get that mess out!' I said I'd send before & after pictures to them when I did and tell them my secret! I used PreSpot, a cap of Sol-U-Mel with one pump of MelaPower and MelaBrite and hey presto! My son said 'Mummy your Melaleuca works miracles!'"

Nicki W., United Kingdom

*"The Melaleuca EcoSense products have been the biggest eye opener. Unlike most safe cleaning products, these actually work!"*

*Eddie & Anna D., United Kingdom*

"I sprayed Sol-U-Mel and PreSpot on my friends' wedding dress, who was ready to throw it away, I then washed it with MelaPower at 40 degrees. The stains which reminded me of rust stains and sweat stains that could never have been removed with dry-cleaning, just disappeared. Even the bridal veil and the satin pillow for the rings looked like new. The wedding stuff had been stored in boxes for 13 years, but they have a new owner now - thanks to the great Melaleuca products."

Petra R., Austria

*"MelaPower with the pump is absolutely great. One pump is already enough to wash an entire load of clothes. It's not only practical as there is nothing more to make a mess, but also absolutely economical and friendly to the environment."*

*Nathalie W., Germany*

*"When my daughter was 7 years old, she showed me a big stain on her new T-Shirt. I became very angry, but she answered nonchalantly: 'It doesn't matter mum because we have those great Melaleuca products ...'. A very funny moment I will never forget..."*

*"When I visited my sister-in-law (she has 3 children), I recognised that the „white wall“ that was next to the dining table, was colourfully painted. She was already a Melaleuca customer and bought Sol-U-Mel but did not try it before. I started cleaning stain by stain with a dry cloth. She really looked surprised and so she also got a cloth, and the wall was clean again in no time. She was so happy ... so was I. She immediately ordered 3 bottles."*

Katja G., Germany

*"...My wife picked up a large tar like stain on the side of her favourite leather shoes on a train. We thought they were ruined, however a few gentle wipes with Sol-U-Mel saved them. Sol-U-Mel has literally paid for itself many times over."*

No matter if I am fighting with stubborn dirt, colour stains or children's paint on clothes, I find I can easily get everything clean and white again. Magdalena B., Austria
